

AAll Investor Update: Should You Buy These 5 Dow Stocks?

AT&T (T), General Electric (GE), Intel (INTC), Merck (MRK) and Pfizer (PFE) are currently passing our Dogs of the Dow: Low Priced 5 screen. This screen is tied for the year's best-performing value strategy on AAll.com.

I bring this up to pose a question: Should you buy the passing stocks?

Before you answer, stop and consider what I have told you about them so far. They are among the highest-yielding stocks in the Dow, hence the screen's "Dogs of the Dow" moniker. These stocks also pass this year's top-performing value screen.
