

# Computerized Investing March Edition

**The March edition of Computerized Investing is now available!**

This month includes:

## **An Overview of the Major Tax Prep Services 2017**

March's Main Feature: a look into this year's most popular options for preparing your taxes, whether online or through downloadable software.

## **Follow News Sentiment on TipRanks**

The analyst ranking website has added functionality for investors to track the trend of news stories on a stock.

## **10 Questions with Jordan Kimmel**

Market Strategist and stock investing guru Jordan Kimmel answers 10 (or 12) questions about his investing life.
