

Computerized Investing's New May 2017 Content

Computerized Investing's new May content is now available!

This month includes:

Learn the Market With Equities Lab

Henry Crutcher, founder of Equities Lab LLC, gives an overview of the Equities Lab tool and how it aids the individual investor.

Spreadsheet Corner: An Update to the CI Portfolio Tracker in Google Sheets

Adding a variety of benchmarks to the spreadsheet greatly increases your ability to judge the performance of your holdings appropriately.

Featured App: Transferring Money With Venmo for iPhone and Android

Owned by PayPal, Venmo is a payment application that allows users to easily transfer funds between each other.
