

## Upcoming Chapter Meeting: AAI Central Florida

Date: Wednesday, November 13, 2013

Topic: Determining a Stock's True Worth

Speaker: Wayne A. Thorp, CFA, Senior Financial Analyst, AAI; and Editor, Computerized Investing

AAII has been developing and testing a variety of stock screens for over 10 years. While many members follow these screens, a common question once they have their list of passing companies is "What now?" Using real-world examples and some of today's most useful financial websites, Wayne will show you how to perform a step-by-step analysis of a company using popular online research and data sources to decide whether it's right for your portfolio.
