

Upcoming Chapter Meeting: AAI Dallas/Fort Worth

Date: Wednesday, November 13, 2013

Topic: StockCharts.com Power Features

Speaker: Chip Anderson, President, StockCharts.com, Inc.

Chip Anderson will illustrate how to use the StockCharts.com website to improve your investment success ratio. Unknown and little-used features of StockCharts.com can help you cut through the noise and quickly focus in on the key elements that are driving a stock's price movement. Anderson will demonstrate how to use several analysis techniques that are freely available but often overlooked on StockCharts.com, including Renko charts, Ichimoku Cloud charts, Elder Impulse Bars and Chandelier Exits.
