

## Upcoming Chapter Meeting: AAI Dallas/Fort Worth

Date: Wednesday, April 16, 2014

Topic: What You Don't Know About Trading, But Should

Speaker: Ian Naismith, President, Naismith Trading Labs Inc.

As a quant technician, Ian Naismith is familiar with the games played in the trading process that most investors are not aware of. His presentation will highlight some common practices that can reduce your potential profit. In addition, he will comment upon high-frequency trading systems and robots, and how the market can become illiquid quickly.
