

Upcoming Chapter Meeting: AAI Phoenix

Date: Saturday, February 8, 2014

Topic: Fracking: America's Alternative Energy Revolution

Speaker: John Graves, Editor, The Retirement Journal

Award-winning author John Graves tells the story of the process, the people and the communities involved in the hydraulic fracturing (fracking) of deep rock. Our shale gas and oil reserves are higher, our crude imports continue to decline while jobs and tax revenues grow: all a result of the wise use of the American hydrocarbon bounty.
