

## Upcoming Chapter Meeting: AAI St. Louis

Date: Tuesday, March 5, 2013

Topic: Finding a Stock Winner: First Step Screening

Speaker: Joe Lan, CFA, Assistant Financial Analyst, AAI

While successful money managers may differ in their investing philosophy, a disciplined approach to selecting and pruning investments is a common characteristic. Joe Lan, assistant financial analyst at AAI, will show how computerized stock screening systems can be used to reduce a large universe of stocks into a manageable group of prospects that match your investment style. He will walk through the process of developing and implementing both a value and a growth screen using AAI's Stock Investor Pro fundamental analysis database and screening program.
