Topic: Stock Screening and Analysis Techniques Your Guru Never Taught You

Speaker: Marc Gerstein, Director of Research, Portfolio123; Editor, Forbes Low Priced Stock Report

Great growth rates, stingy valuation metrics, powerhouse balance sheets—yeah, yeah, you’ve heard how to find and analyze great companies and great stocks. The problem: You and a gazillion others have heard it all! Today, with so many investors devoting so much energy into looking at the same information, it seems we have to work harder than ever to find great ideas. Actually, though, what we really need to do is work smarter. This presentation will show you how to add different slants to otherwise familiar stock screening techniques and discover a new range of investing ideas.
